Target Audience

Social Workers, MFTs, Counselors, Substance Abuse Counselors, Nurses, and LMHCs, LMFT's, Educators, Chemical Dependency Counselors

Course Content Level

The course content is appropriate for Beginner level clinicians.

COURSE DESCRIPTION

Terry Real presents his introductory training course, **Relational Life Therapy, Level 1 Training**.

After teaching RLT workshops all over the U.S., Terry created this online course to make the material available to more people. RLT Level 1 is designed to give you an in-depth introduction to the theory and practice of the RLT model. It is also the first step toward RLT certification and will prepare you for the Level 2 & 3 trainings.

Connection has never felt more precious or critical. We have never wanted more from our relationships, not just our romantic relationships but friends, family, and children. At no time in history has it been more clear that intimacy is life's grail. Yet divorce attorneys have never been busier. Perhaps this is because we all have lived in an anti-relational, addictive, narcissistic culture that may give lip service to the importance of relationships but has not taught us the skills to realize them.

As therapists, we can fill in those gaps. There is a world of relational technology that can be taught and mastered once we open to the need for it. We can give our clients those tools. This is the basis of Relational Life Therapy (RLT)—my life's work.

Developing Terry's unique approach has been a thirty-year project. When he first got into the reality of practice, the couples who met with him were suffering, and the tools he had were inadequate for the task. Terry has made it his mission to figure out a way to bring relief, healing, and change to his clients.

Terry will share the fruit of his life's work in this training. You will access to 7 hours of course content,

Terry will share the fruit of his life's work in this training. In addition, you will also receive 6+ hours of pre-recorded video training from Terry and RLT-certified therapist Cathy Hill and a wealth of practical case studies and demos designed to help you become a better, more confident therapist. In addition, you will receive bonus calls with Experts such as Carol Gilligan and Gabor Mate, along with an actual video of an RLT couples session, and hours of previously recorded Q&A calls with Terry and RLI Faculty.

You will have the opportunity to go deeper into the theory and application of RLT using a combination of these tools.

This training has been designed for the helping professional to achieve a introductory level in the clinical practice of RLT.

This Introductory to RLT course will highlight concepts such as:

- Utilizing the practice of Relational Mindfulness
- Explaining the 'fight, flight, or fix' responses of the whoosh of the first consciousness
- Contrasting the functions of the three aspects of the psyche
- Differentiating the various losing strategies clients employ
- Analyzing the difference between blatant and latent stances
- Practice the relational grid and track losing strategies against it
- Comparing the two kinds of boundaries

Course Learning Objectives

Participants will be able to:

1. Compare the RLT phases and how RLT differs from traditional therapy
2. Describe the role and approach of the therapists in RLT
3. List the seven lenses
4. Explain the role of data gathering

CEs are an additional cost of \$40 and can be purchased at ***the end of the program***. Contact us at: support@terryreal.com and request the link to take the course test for your CE Certificate. You will need to take a test to show that you've learned the course material.

Evaluations and Certificates are available online following course completion at www.ceuregistration.com

It is the participant's responsibility to check if their state is approved for CEs through the *Specific CE Information* below. No refunds will be given on CE purchases for failure to check state approval.

Presenter Bios

Terry Real, LICSW:

Terry Real is the bestselling author of *I Don't Want to Talk About It: Overcoming the Secret Legacy of Male Depression*, the straight-talking *How Can I Get Through to You? Reconnecting Men and Women*, and most recently *The New Rules of Marriage: What You Need to Make Love Work*.

He founded the Relational Life Institute, offering workshops for couples, individuals, and parents as well as a professional training program for clinicians.

Terry's work, with its rigorous commonsense approach, speaks to both men and women. A proponent of "full-throttle marriage," Terry has been called "the most innovative voice in thinking about and treating men and their relationships in the world today."

Cathy Hill, Ph.D., R. Psych:

Cathy Hill began training in RLT in 2010 after attending her first Relationship Bootcamp and from that experience was determined that Terry needed to teach others to do RLT. Cathy persisted in this idea and Terry ended up having Cathy set up advanced training for his senior therapists which was very well received. Soon after she was named Director of Training for RLI. Cathy is trained in the 'scientist-practitioner' model, and is devoted to getting RLT 'evidence-based' which requires excellent training in order to translate into excellence in practice.

Anna Sterk, LMFT

Anna began training in RLT with Terry Real in 2012 and has been providing therapy, Essential Skills Bootcamps, consultation and supervision through the RLT model for years; Anna was thrilled to have the opportunity to teach and train practitioners as faculty with the Relational Life Institute (RLI) beginning in 2022. Anna's style as a therapist, teacher, and supervisor is to balance compassion and collaboration with direct feedback. Anna's roots are in systems theory and cultural studies, which was a natural fit for the RLT model, and supports her goal of teaching the skills to navigate long term relationships and support relational living for both clients and students alike. As RLI Faculty, Anna teaches the Practicum courses and Small Group Mentoring for RLT certification students, along with special topic courses.

Cost

This course is \$497.
